Election/Restrictions

1. The amendment filed on 11/17/2005 which amends all claims such that they are now drawn to a nonelected invention and presenting only claims drawn to a non-elected invention is non-responsive (MPEP § 821.03). The remaining claims are not readable on the elected invention because Applicant has elected carbon black powder as the energetic material in the response filed on 6/8/2005. Thus, the amendment is nonresponsive because it amends all the claims to include black powder as the energetic material.

Since the above-mentioned amendment appears to be a *bona fide* attempt to reply, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD UNDER 37 CFR 1.136(a) ARE AVAILABLE.
